Dear (Rep. Name),

My name is (your name), and I live in your district. I'm a (job title) working for (organization name).

I'm writing to encourage you to join the recently re-launched House Soils Caucus co-chaired by representatives Brad Finstad and Jim Costa. Their staff working on the caucus are available to help you:

- Rep. Brad Finstad: John Altendorf, john.altendorf@mail.house.gov
- Rep. Jim Costa: Wade Roberge, wade.roberge@mail.house.gov

Soils are a vital resource that are often taken for granted. Our very existence depends on them.

Soils are involved in growing most of our food supplies, cleaning our water and air, developing pharmaceuticals, and supporting life as we know it.

The caucus will provide educational sessions and be a resource for you and your staff on key topics related to soil science by leading experts who are members of the Soil Science Society of America (SSSA). The topics selected will link with policy discussions taking place in Congress and provide information for science-supported decisions.

Please consider joining the House Soils Caucus by contacting the appropriate staff and let me know if I can assist with any soils-related questions.

Thank you,
(your name)
