Students
Outstanding Seniors Recognized

Every year, top-notch undergraduate seniors are selected for the National Student Recognition Award based on their scholarship, leadership, and involvement. These outstanding students are enrolled in agronomic, crop, soil, or environmental science departments that have chapters affiliated with the Students of Agronomy, Soils, and Environmental Sciences (SASES), the undergraduate program of ASA, CSSA, and SSSA.

Correction

In the April issue of CSA News magazine, on page 36, we ran the photos of the National Student Recognition Award winners with incorrect affiliations. In addition, three students were not pictured and should have been: Brittany Iverson, Bailey Morrell, and Mark Kendall. To the left, we are re-running the photos, with the correct affiliations, along with the missing photos. We regret the error.
